OACETT

ONTARIO ASSOCIATION OF CERTIFIED ENGINEERING TECHNICIANS AND TECHNOLOGISTS

Dear OACETT members,

Further to the video message from our CEO, I want to reinforce OACETT's commitment to supporting members who find themselves negatively impacted by the tariff war. We have been through this once already at the beginning of 2025, and it brought with it a similar sense of uncertainty and economic instability.

OACETT has had to develop ways to support our members when forces beyond our control impact on our livelihoods. As the impacts become more clear, we will marshal staff, Board, committee and Chapter resources as necessary so that OACETT is best positioned to respond and help.

One final personal note from me is to encourage you all to support Canadian products and services, as you are able. This is one individual action that we are all able to take in the face of what is becoming an ongoing and unpredictable threat to Canada's economy.

Yours sincerely,

Christopher van Dop, C.E.T.
President
