OUR CERTIFICATION | YOUR SUCCESS
The Ontario Association of Certified Engineering Technicians and Technologists (OACETT) is a non-profit, self-governing, professional association of more than 25,000 members and growing, representing 15 disciplines across six regions of Ontario.

**OACETT DESIGNATIONS:**
OACETT is the certification body for engineering and applied science technicians and technologists in Ontario. Certified members of OACETT hold one of the following designations:

- C.E.T. (Certified Engineering Technologist)
- C.Tech. (Certified Technician)
- A.Sc.T. (Certified Science Technologist) *

After qualifying, members may also earn one of the following specialized designations in road construction:

- rcca (road construction contract administrator)
- rcsi (road construction senior inspector)
- rci (road construction junior inspector)

* No longer conferred but still used by some OACETT members.

**DISCIPLINES OF REGISTRATION**
There are 15 disciplines of engineering and applied science technology:

- Bioscience
- Building
- Chemical
- Civil
- Computer
- Electrical
- Electronics
- Environmental
- Geological
- Geomatics
- Industrial
- Instrumentation
- Mechanical
- Mining
- Resources

Building strong relationships between certified members and the varied industries who utilize their skills.
OACETT members are recognized leaders with high industry standards.

MEMBERS’ education and work experience are evaluated to ensure they meet national standards, are bound by a code of ethics, pass a professional practice exam, meet language competency, and are required to complete continuing professional development to maintain relevancy and currency.

MEMBERS’ designations are recognized and valued by businesses, industry, educational institutions and students, the public and government officials.

OACETT has over 28 active chapters across Ontario where members can meet and network with other technology professionals and participate in local events that can be helpful to their careers.

**TESTIMONIALS**

**DON’T TAKE OUR WORD FOR IT, SEE WHAT OUR SUPPORTERS SAY ABOUT OACETT**

"I have had the great honour of being a part of OACETT for over 27 plus years, and it is always a pleasure working closely with the organization. Their professionalism and commitment to creating a true partnership have benefited both parties by elevating the organization and the profession.

I would highly recommend that all companies who hire engineering technicians and technologist invest in their staff by encouraging them to get OACETT certified and consider becoming a corporate partner."

-KATHY LERETTE, C.E.T., FELLOW OACETT
Senior Vice President, Business Transformation Alectra Utilities

"Seneca College’s Faculty of Applied Science and Engineering Technology serves over 18,000 students per year. We also work with numerous industry partners to ensure our curriculum is relevant to employers and that our graduates are ready for the numerous opportunities available.

In addition to the industry relevant credential from Seneca, a professional certification is also viewed as very valuable by employers. Seneca included.

We are grateful and proud of our partnership with OACETT and will continue to provide industry prepared graduates who will be ready to obtain their professional certification."
